## EXPERIENCE NO BARS. NO SPRINGS. PURE COMFORT.

The Comfort Sleeper® redefines the sofa bed industry, elevating it to a new level of comfort. From 15 styles, 7 sizes, and 3 mattress options, the Comfort Sleeper is the most versatile and comfortable sleeper sofa available, ensuring you will find the best configuration for your living room or guest bedroom today. The Comfort Sleeper is also available as a stationary sofa, loveseat, chair, swivel recliner, ottoman and double wide storage ottoman offering endless configurations.

Mattresses have 80 inches of sleeping area, 8 inches longer than average sleepers; yet the patented design minimizes the mattress length when open, giving you more sleep surface while using less floor space. Our patented Tiffany 24/7™ Sleep System is designed without bars or springs for the most comfortable night's sleep.

From a high-density foam to a Tempur-Pedic® mattress, the Comfort Sleeper is the only sleeper available with customizable comfort. Choose from 3 mattress styles today: Tempur-Pedic®, Gel, and Premier.
