HiPERFORM FOAM

Debuting a re-imagined foam with an infusion of carbon fiber and Crypton cover that enhances the capabilities at its core. As a result, the unparalleled innovation of the foam effortlessly balances lightweight composition with unmatched strength, providing you with unwavering support like never before.

COOLING GEL

The revitalized Cooling Gel offered in the V9 provides a refreshing wave of coolness at the very first touch. The secret lies in three layers of cooling action, where coolness and comfort intertwine effortlessly.

TEMPUR-PEDIC®

Experience the epitome of personalized comfort as the mattress seamlessly conforms to the contours of your body, effortlessly vanishing any discomfort caused by pressure points.

1 Performance Quilted Cover

Made with Crypton, a PFAS-free premium fabric fused with antimicrobial technology to shield against any stains or spills. Engineered to last, it provides lifelong moisture and odor protection.

2 HiPerform Foam

10X STRONGER THAN STEEL

Carbon fiber is known for its unrivaled strength. When joined to foam, it retains the gentle pliability while infusing the high-performance support and flexibility.

CELL SURFACE INFUSION

Each cell in the foam is layered with an infusion of carbon fiber that strengthens structural integrity from its very core.

PERFORMS LIKE HIGH-DENSITY

The ultralight foam performs identical to a denser style without the burden of additional bulk while offering uncompromising support in deep compression zones.

3 Base Platform

1 Premium Soft Quilted Cover

Infused with cooling technology and cooling yarn to provide a refreshing cool-to-the-touch embrace.

2 Cooling Gel

TRIPLE ACTION COOLING

Each of the layers from the cool-touch ticking to the copper-infused gel top, and the temperature-conductive base, harmoniously combine to create a remarkable cooling sensation.

COPPER BEAD TECHNOLOGY

Both gel layers are enhanced with heat-reactive copper beads that draw warmth away from the body and guide it into its conductive matrix, to ensure a cooler experience.

COOLING COMFORT RELIEF

Embrace the benefits of space-cradling comfort that relieves the body of tension and leaves you refreshed and rejuvenated.

4 Base Platform

1 Soft Quilted Cover

Crafted with a breathability-enhancing fabric, which effortlessly combines unrivaled softness and exceptional flexibility.

2 Tempur Pedic

ELEVATED COMFORT

Meticulously crafted with unparalleled care, the Tempur-Pedic® mattress embraces your uniqueness, weaving personalized harmony and unwavering support.

DYNAMIC SUPPORT

Experience the supportive embrace of a TEMPUR® material layer that conforms to your body, providing pressure relief. A premium foam base layer minimizes pressure points, reducing restlessness.
