BLACK

CHARCOAL

ESPRESSO

GREY

MIDNIGHT BLUE

BEIGE

BROWN

CREAM

GOLD BROWN

LEMON

SCARLET

STEP 6: SELECT CUSHION FILL

FOAM

Our custom layering of foams is meticulously designed to create a best-in-class seating experience — layers of support are assembled to provide that perfect balance of support and sink-into in every cushion. Perfect for those who like a fuller appearance with less comfort lines.

+ DOWN ENCASEMENT

For a more plush seating experience, our down encased foam is designed to capitalize on the innate comfort of natural down, while providing support to reduce upkeep and increase the lifespan of your cushions.

+ TRILLIUM ENCASEMENT

Our foam core encased in a synthetic down-alternative for those who love the seating experience of a traditional cushion, but look for hypoallergenic or longer-lasting alternatives.

STEP 7: LUMBAR SUPPORT

+ ADD ADJUSTABLE LUMBAR SUPPORT

Complete your personalized comfort experience with the addition of adjustable lumbar support. This quiet, air-powered feature provides targeted lower-back support, allowing the seating to adapt to your unique preferences for enhanced comfort and ergonomic relaxation.

STEP 8: BATTERY UPGRADE

+ ADD RECHARGEABLE BATTERIES

QTY

Separate Battery Required for Each Motion Component

Our powered motion pieces come standard with a wall plug, easily attached to the back of the piece. All powered pieces are battery compatible, batteries can charge by plugging in the detachable wall plug or by using an external charger.

FINAL STEP: SELECT COVER(S)
